

Remote Learning Contract 2020-2021

Chesapeake Schools will be offering remote learning for the 2020-2021 school year. This document serves as a contract between the Chesapeake School District, the remote learner, and their parent/guardian.

The remote learning option will be available to students per nine weeks. Students may not return to the traditional classroom until the following nine weeks. If a student wants to change to another option, they must let the building principal know of their intent to change by the end of the 8th week in the 9 week grading period, by the end of the school day on Friday.

We expect the remote learner to be the one completing the work in this option. The school will provide the student with an electronic device for remote learning, or paper copies of lessons (if electronic devices do not arrive in the district prior to the start of school). **Grading will follow the same procedures and expectations as those for students who are in a traditional classroom.**

If you have any questions, please contact the building principal.

We agree to follow these guidelines and will abide by the conditions and requirements set forth above.
