

# Ohio High School Athletic Association

Jerry Snodgrass, Executive Director

## Summer 2020 Recommendations

***Mission Statement of the OHSAA: To serve our member schools and enrich interscholastic opportunities for students.***

### Introduction & Acknowledgements:

- The Ohio High School Athletic Association will continue to work in collaboration with Governor DeWine, Lieutenant Governor Husted and the Ohio Department of Health to adhere to any and all state orders and/or recommendations.
- Each OHSAA member school's athletic department will operate with the approval of their school leadership in moving forward through any and all "Return to Play" guidance throughout the summer.
- The governmental leadership in the state of Ohio, or that of the school district, may halt or regress the phases described below if deemed necessary.
- The OHSAA believes it is essential to the physical and mental well-being of student-athletes in grades 7-12 to return to physical activity and build team relationships with their peers and coaches.
- Until there is a cure, vaccine, or effective treatment is readily available, social distancing and other preventative measures will be the 'new normal' during any aspect of sport in Ohio.
- “Vulnerable individuals” are defined by the Center for Disease Control (CDC) as people age 65 and older and others with serious underlying health conditions. These conditions include, but are not limited to: high blood pressure, chronic lung disease, diabetes, obesity, asthma, and those whose immune systems that are compromised by chemotherapy for cancer, and other conditions requiring such therapy.
- Due to the nature of the outbreak, there will be inequities due to geography within the state of Ohio. It is unlikely that all students will be able to return to- and sustain- athletic activity in all schools/communities at the same time.
- OHSAA's goal for this summer is to allow students to participate in scholastic athletics and activities in any and all situations where it can be done safely.
- Decreasing potential exposure to respiratory droplets is the guiding principle behind social distancing and the use of face coverings. It is also the basis of stratification of risk by sport presented in this document. Cloth face coverings should be considered acceptable in all phases of this document.
- Every school/program should start at [redacted] of this program and remain there for at least 14 calendar days. If there is a downward/flat trajectory of documented cases within a 14-day period, a school may progress to **Phase Two**, where a new 14-day period of tracking of cases should begin. If there is another 14-day downward/flat trajectory of cases, schools may progress to **Phase Three**.
- Summer participation (starting May 26, 2020) in workouts/training sessions is voluntary and may not be used toward team or program selection.

**Face Covering Guidance:**

1. Decreasing potential exposure to respiratory droplets is the guiding principle behind social distancing and the use of face coverings. The use of cloth face coverings is meant to decrease the spread of respiratory droplets. As state and local COVID-19 prevalence decreases, the need for strict social distancing and the use of face coverings will lessen.
  - a. The Centers for Disease Control and Prevention (CDC) is additionally “advising the use of simple cloth face coverings to slow the spread of the virus and help people who may have the virus and do not know it from transmitting it to others.”
  - b. Recognizing the benefits and potential drawbacks of the use of cloth face coverings during conditioning and physical activity, OHSAA recommends the following:
    - i. ODH and/or school district guidelines for cloth face coverings should be followed.
    - ii. Cloth face coverings are acceptable. There is no need to require or recommend “medical grade” masks for athletic activity.
    - iii. Exceptions include swimming, distance running or other high intensity aerobic activity. In these activities, cloth face coverings may be worn when not engaging in vigorous activity, such as before or after instruction, or any time spent on the ‘sidelines’ when physical activity is not being performed.
    - iv. Plastic shields covering the entire face (or attached to a helmet) shall not be allowed during play. Their use during practices increases the risk of unintended injury to the person wearing the shield or teammates.
    - v. Coaches are recommended to wear cloth face coverings during instruction.

## PHASE ONE

### ***Pre-Workout Screening:***

- All coaches and students should be screened for signs/symptoms of COVID-19 prior to a workout, to include a temperature check. Please see the sample OHSAA COVID-19 Monitoring sheet provided.
- Responses to screening questions should be recorded and stored for contact tracing purposes if a COVID-19 infection occurs. Your school should create a plan for how these documents are filed.
- Any person with positive responses on the screening should not be allowed to take part in workouts and should contact their medical provider.
- Vulnerable individuals (as defined above) should not oversee or participate in any workouts during Phase One.

### ***Limitations on Gathering:***

- Gatherings should not consist of more than 10 people at a time (inside or outside), to include all participants and coaches.
- Locker rooms should not be used during Phase One. Students should report to workouts in proper gear and immediately return home to shower at the end of the workout.
- Workouts should be conducted in "pods" of students with the same 5-10 people (including coaches) always working out together. Smaller pods should be used for weight training.
- **There should be a minimum distance of 6 feet between each individual at all times. If this is not possible, the number of individuals in the room should be decreased until proper social distancing can occur.**

### ***Facilities Cleaning:***

- Adequate cleaning schedules should be created and implemented for all athletic facilities.
- Prior to an individual or group entering a facility, all hard surfaces within that facility should be wiped down and sanitized. Hard surface examples include but are not limited to chairs, furniture, locker rooms, weight room equipment, bathrooms, and training tables.
- Individuals should wash their hands for 20 seconds with warm water and soap before touching any surfaces or participating in workouts.
- Hand sanitizer should be plentiful and available to individuals.
- Weight equipment should be wiped down thoroughly before and after each individual uses the equipment.
- Shirts and shoes should be worn at all times.
- Any equipment such as weight benches, athletic pads, that have holes with exposed foam should be covered.
- Students should be encouraged to shower and wash their workout clothing immediately upon returning home.

### ***Physical Activity and Athletic Equipment:***

- There should be no shared athletic equipment (towels, clothing, shoes, or sport specific equipment) between students.
- Students should wear their own workout clothing, and clothing/towels should be washed and cleaned after every workout.
- All athletic equipment, including balls, should be cleaned after each use and prior to the next workout.
- Individual drills requiring the use of athletic equipment can be permissible, but the equipment should be cleaned between use of each individual.
- There should be a focus on resistance training with body weight, sub-maximal lifts, and use of resistance bands.
- Free weight exercises that require a spotter should not be conducted, as they cannot be conducted while observing social distancing.

### ***Hydration:***

- All students should bring their own water bottle, and water bottles should not be shared.
- Hydration stations (water fountains, water troughs, etc.) should not be used.

## PHASE TWO

### ***Pre-Workout/Contact Screening:***

- All coaches and students should be screened for signs/symptoms of COVID-19 prior to a workout, to include a temperature check. Please see the sample OHSAA COVID-19 Monitoring sheet provided.
- Responses to screening questions should be recorded and stored for contact tracing purposes if a COVID-19 infection occurs.
- Any person with positive responses on the screening should not be allowed to take part in workouts and should contact their medical provider.
- Vulnerable individuals should not oversee or participate in any workouts during Phase Two.

### ***Limitations on Gatherings:***

- Gatherings should not consist of more than 10 people at a time inside. Up to 50 people may gather outdoors for workouts.
- If locker rooms or meeting rooms are used, there should be a minimum distance of 6 feet between each individual at all times.
- Indoor workouts should be conducted in "pods" of students with the same 5-10 people (including coaches). Smaller pods should be utilized for weight training.
- **There should be a minimum distance of 6 feet between each individual at all times. Appropriate social distancing should be maintained on sidelines and benches. Consider using tape or field paint as a guide for students and coaches.**

### ***Facilities Cleaning:***

- Adequate cleaning schedules should be created and implemented for all athletic facilities.
- Prior to an individual or group entering a facility, all hard surfaces within that facility should be wiped down and sanitized. Hard surface examples include but are not limited to chairs, furniture, locker rooms, weight room equipment, bathrooms, and training tables.
- Individuals should wash their hands for 20 seconds with warm water and soap before touching any surfaces or participating in workouts.
- Hand sanitizer should be plentiful and available to individuals.
- Weight equipment should be wiped down thoroughly before and after each individual uses the equipment.
- Shirts and shoes should be worn at all times.
- Any equipment such as weight benches, athletic pads, having holes with exposed foam should be covered.
- Students should be encouraged to shower and wash their workout clothing immediately upon returning home.

### ***Physical Activity and Athletic Equipment:***

- Lower risk sports practices may resume.
- Modified practices may begin for Moderate Risk sports/activities.
- There should be no shared athletic towels, clothing, or shoes between students.
- Students should wear their own appropriate workout clothing, and individual clothing/towels should be washed and cleaned after every workout.
- All athletic equipment, including balls, should be cleaned intermittently during practices and between practices/sessions.
- Hand sanitizer should be readily available.
- Maximum lifts should be limited and power cages should be used for squats and bench presses. Spotters should stand at each end of the bar.

### ***Hydration:***

- All students should bring their own water bottle, and water bottles should not be shared.
- Hydration stations (water fountains, water troughs, etc.) should not be used.

## PHASE THREE

### ***Pre-Workout/Contact Screening:***

- Any person who has had a fever or cold symptoms in the previous 24 Hours should not be allowed to take part in workouts and should contact his/her medical provider.
- A record should be kept of all individuals present.
- Vulnerable individuals can resume public interactions, but should practice physical distancing, minimizing exposure to social settings where distancing may not be practical, unless precautionary measures are observed/implemented.

### ***Limitations on Gatherings:***

- Gatherings sizes of up to 50 individuals, indoors or outdoors, could resume.
- **When not directly participating in practices or workouts, care should be taken to maintain a minimum distance of 3 to 6 feet between each individual. Consider using tape or field paint as a guide for students and coaches.**

### ***Facilities Cleaning:***

- Adequate cleaning schedules should be created and implemented for all athletic facilities.
- Prior to an individual or group entering a facility, all hard surfaces within that facility should be wiped down and sanitized. Hard surface examples include but are not limited to chairs, furniture, locker rooms, weight room equipment, bathrooms, and training tables.
- Individuals should wash their hands for 20 seconds with warm water and soap before touching any surfaces or participating in workouts.
- Hand sanitizer should be plentiful and available to individuals.
- Weight equipment should be wiped down thoroughly before and after each individual uses the equipment.
- Shirts and shoes should be worn at all times.
- Any equipment such as weight benches, athletic pads, having holes with exposed foam should be covered.
- Students should be encouraged to shower and wash their workout clothing immediately upon returning home.

### ***Physical Activity and Athletic Equipment:***

- Moderate risk sports practices may begin.
- Modified practices may begin for High Risk sports/activities.
  - Continue pre-practice screening as in Phases One and Two. Shower immediately after practices/workouts.
- There should be no shared athletic towels, clothing, or shoes between students.
- Students should wear their own appropriate workout clothing, and individual clothing/towels should be washed and cleaned after every workout.
- All athletic equipment, including balls, should be cleaned intermittently during practices and between practices/sessions.
- Other equipment, such as wrestling ear guards, football helmets, etc. should be worn by only one individual and not shared.
- Hand sanitizer should be readily available.
- Maximum lifts should be limited, and power cages should be used for squats and bench presses. Spotters should stand at each end of the bar.

### ***Hydration:***

- All students should bring their own water bottle, and water bottles should not be shared.
- Hydration stations (water fountains, water troughs, etc.) may be used but must be cleaned intermittently and after every practice/workout.

**WAIVER OF LIABILITY, ACKNOWLEDGMENT AND ASSUMPTION  
OF RISK AGREEMENT FOR USE OF SCHOOL FACILITIES  
AND EQUIPMENT DURING SUMMER BREAK**

Participant Name: \_\_\_\_\_ (Please Print)

On March 11, 2020, COVID-19, a highly contagious disease that is spread through person-to-person contact was declared a worldwide pandemic by the World Health Organization and on March 13, 2020, U.S. President Donald Trump declared the COVID-19 outbreak a national emergency. On March 12, 2020, the Director of the Ohio Department of Health ("ODH") ordered K-12 schools to close. On March 17, 2020, the Director of ODH ordered all entertainment, recreation, and gymnasiums to close until the March 17, 2020 Order is rescinded or modified. On April 29, 2020, the Director of ODH ordered that all K-12 schools remain closed through June 30, 2020 due to COVID-19. On \_\_\_\_\_, the \_\_\_\_\_ rescinded the March 17, 2020 order prohibiting recreational facilities and gymnasiums from opening. Additionally, schools and educational service centers are permitted to allow students to use the school facilities to participate in school activities.

Given the widespread outbreak and the possibility of COVID-19 being contracted, federal, state, and local governments, and federal and state health agencies, recommend social distancing and have, in many locations, prohibited or limited the congregation of groups of people. As a result, the \_\_\_\_\_ ("Board") has put in place preventative measures to reduce the spread of COVID-19. Even with these measures, the Board cannot guarantee that its students or other individuals, participating in recreational or organized athletic or training and conditioning activities ("Participants") at Board athletic facilities, stadiums, weight room, gymnasiums, or similar venues ("Facilities") and using Board equipment ("Equipment") will not become infected with COVID-19.

---

By signing this agreement, the Participant agrees that:

1. Use of Board Facilities and Equipment during summer break is voluntary;
2. While at Board Facilities and using Board Equipment, all safety and social distancing protocols as described in the Board's Social-Distancing Procedures (see attachment) must be followed;
3. The Participant will not use the Facilities or Equipment if his/her temperature is above 100.4 degrees Fahrenheit on any day that the Participant is to participate in any activity, or if the Participant has been exposed to any person who has tested positive for COVID-19 in the past fourteen (14) days;
4. COVID-19 is contagious, and the Participant understands it is the sole responsibility of the Participant and his/her parent/guardian as applicable, to evaluate carefully all risks inherent in using the Board's Facilities and Equipment. The Participant and his/her parent/guardian as applicable voluntarily assumes full responsibility for the risk that the Participant may be exposed to or infected by COVID-19 by using the Board's Facilities and Equipment, and that such exposure or infection may result in personal injury, illness, permanent disability, death or other damages or expenses;

5. The risk of becoming exposed to or infected by COVID-19 at Board Facilities may result from the actions, omissions, or negligence of the Participant or others, including, but not limited to, Board students, staff, volunteers, and guests;
6. The Participant assumes all of the foregoing risks and accepts sole responsibility for any injury to the Participant including, but not limited to, personal injury, disability, death, illness, damage, loss, claim, liability, or expense, of any kind, that the Participant or their parent/guardian may experience or incur in connection with Participant's use of Board Facilities or Equipment ("Claims");
7. The Participant releases and agrees to hold harmless and indemnify the Board, its members, employees, and agents, from any and all liability, arising from negligence or otherwise, and any damages as a result of the Participant's use of the Board's Facilities or Equipment, including but not limited to property damage and any mental or physical bodily injury, including death; and
8. This release includes any Claims based on the actions, omissions, or negligence of the Board, its members, employees, agents, and representatives, whether a COVID-19 infection occurs before, during, or after use of the Board's Facilities or Equipment.
9. The foregoing WAIVER OF LIABILITY, ACKNOWLEDGMENT, AND ASSUMPTION OF RISK AGREEMENT is intended to be as broad and inclusive as is permitted by the laws of the State of Ohio and that if any portion thereof is held invalid, it is agreed that the remaining provisions of this Agreement shall, notwithstanding, continue in full legal force and effect.

I, the undersigned, have read the above carefully, understand its significance, and voluntarily agree to all of its terms. If the student is under 18 years of age, this Agreement must be signed by the student's parent or guardian. For divorced/separated parents, the parent/guardian signing below attests that he/she has legal authority to provide consent for the student to attend Board activities and use its Facilities and Equipment and to execute this Waiver of Liability, Acknowledgment, and Assumption of Risk Agreement.
